Subject: Plaza East- Consent to Access

Robert,

As you may recall, about a year and a half ago, I contacted you because EPA wanted to conduct sampling on property belonging to your client, Joseph Basile of Plaza East LLC due to its proximity to the Ley Creek and the Onondaga Lake Superfund Site. Please see the email forwarded below. EPA is now planning to conduct additional sampling, to be performed in September and October 2011, and is again seeking your client's permission to access the property. Attached is the consent for access form which we request your client review, sign, and return to me (charney.lauren@epa.gov or fax: 212-637-3104) and Pam Tames (tames.pam@epa.gov or fax 212-637-3966), the project manager for the Site. If you have any questions

about the sampling, please contact me at your earliest convenience. If you no longer represent Mr. Basile or Plaza East, please send me the most recent address you have on file for him.

Thank you!

Subject: Consent to Access

Robert,

Per our discussion this afternoon, attached is the consent for access form for your client, Joseph Basile of Plaza East, LLC, to sign to allow EPA access to conduct sampling on his property. At this time, EPA anticipates taking approximately 10 soil samples to a one foot depth in the vicinity of a drainage swale which extends from Lower Ley Creek. Please let me know if you have any questions. After your client signs this form, please return it to me (charney.lauren@epa.gov or fax: 212-637-3104) and Pam Tames (tames.pam@epa.gov), the project manager for the Site.

Thank you.
